VOCAL MUSIC GRADING SYSTEM

PROGRESS REPORT - 30%

Students are expected to be in their seats with music folder and pencil in hand when the bell rings. They are expected to focus, pay attention and contribute to the ensembles time in class until the final bell rings.

FORMATIVE GRADES - 20%

Students will have an announced quiz over material covered every 2 to 3 weeks. Students will also be required to complete assessments in sight reading and scales throughout the semester.

SUMMATIVE GRADES - 40%

The number of performances per grading period will be averaged and graded. If a student misses a required concert performance for any reason

other than severe illness (required doctor's note) or a death in the family, they will not earn any credit for that performance. If students without an excused absence would like to go through remediation to earn 80% of the points, they will perform their part of the concert vocally and be assessed.

Students who have a death in the family will be graded on class participation and test scores pre-concert. Students who miss for illness (with a doctor's note), will perform their part of the concert by themselves or with a group of their choosing for 80% credit.

An unexcused absence from a required performance or rehearsal will result in the student becoming ineligible for a music letter or awards. At the time of the absence, the student's status in the ensemble will be considered by the director.

Each class is a performing ensemble and will have at least 2 scheduled concerts per semester. Members of the ensembles are required to participate in each performance and dress rehearsal for a grade.

FINAL EXAM ~ 10%

During the semester, taking written common assessments & finals that will be averaged into this area for their grade.

****DURING UNIVERSAL REMOTE LEARNING, ONLY SUMMATIVE GRADES WILL BE GIVEN. MANY OF THE SUMMATIVE GRADES WILL COMPRISE OF MULTIPLE PARTS/PROJECTED BASED.****

MUSIC & THE VOCAL INSTRUMENT

Students will be given a folder to keep in the room, as well as sight-singing text and sheet music to study for each performance and musical learning.

Students must leave their chorus folder in the room, but are welcome to take home music to study. To receive their participation grade, they must participate and contribute to the rehearsal. Students will also be required to use a pencil to mark the music with comments from the director and section leaders, in order to earn participation points. Music text books and sheet music must be turned in by the end of each semester, or be replaced at the expense of the student.

The singing or speaking voice is a wonderful instrument that we carry around without much thought at times. It is a delicate instrument that needs careful care in order to work well when we want to sing or speak.

As a vocal musician, it becomes our responsibility to use our voice carefully; going to the doctor when we are sick, drinking lots of water, and protecting our voice by holding back when we have the urge to scream about something exciting (i.e. athletic games or concerts). If you are unable to sing during a rehearsal, you will need to listen to the rehearsal and follow along in the music in order to keep up with the ensemble while you are healing. If you come to school tired or ill, you will be expected to participate with the class in all activities.

Students must come to after school rehearsals and warm-ups on time. If you are not on time, you will be missing precious time that will be used warming up your instrument and rehearsing with your ensemble. For every minute a student is late to any rehearsal, 5 points will be docked from their grade. Students are allowed to stay after school on concert and rehearsal days.

Keeping up with the program!

SINGING AT HOME

TIPS TO HELP CHOIR MEMBERS BE SUCCESSFUL DURING DISTANCE LEARNING

PREPARE TO SING!

Designate a workspace. Help your singer set up a workspace where they can use a computer, sing, and move comfortably. (It may be helpful to have a door you can close!.)

Supplies:

Music will be provided online, but all singers need:

- Paper and a pencil
- Headphones and/or speakers compatible with your laptop/device

MAKE A SAFE SINGING SPACE

DO	DON'T
-----------	--------------

Give our choir students space. They may not be ready to share their work!

Offer encouragement and positive feedback!

Monitor sibling responses.

Tease them about their singing.

Draw attention to their singing before they're ready to share.

Offer advice - young singers may be easily embarrassed, especially with family members.

HOW TO RESPOND IF A CHOIR MEMBER SAYS THEY'RE BAD AT SINGING

"What do you not like about what you hear?"

"I hear these good things..."

"You're learning and growing! It's okay not to be perfect!"

Remind them to ask their director questions. We can help!

When they say they can't do it: "yet. You can't do it yet, but you're learning how and I know you can get there!"

REMEMBER...

PEOPLE OUR SINGERS' AGE OFTEN EXPERIENCE VOICE CHANGES. ENCOURAGE THEM TO SING THROUGH THE VOICE CRACKS AND REMIND THEM THAT THIS IS TEMPORARY!

SINGING CAN FEEL VERY PERSONAL AND VULNERABLE. MANY YOUNG SINGERS AREN'T USED TO SINGING ALONE.

BE PATIENT AND KIND!
